Tips for Summer Savings on Vacations and Travel

Thinking of planning a vacation? There's a number of ways to finance a summer trip without bending your budget. Consider these tips to save money on your next getaway.

Be Flexible: Flexible travel dates are an easy way to spend less on your vacation. From cheaper flights to lower lodging costs, adjusting your travel dates by a day or two could yield significant savings.

Track Transportation and Hotel Deals with Mobile Apps: Whether there's a sale or a system glitch, mobile travel apps can help you find the cheapest transportation and hotels for your trip and send alerts for the best time to make your purchase. Download multiple apps to compare your search results and maximize your savings.

Pack Lightly: Reduce or eliminate baggage fees by packing everything into your carry-on or limit your check-in luggage to one item. If you're flying, consider booking with an airline with no or low-cost luggage fees on your first two checked items.

Take Advantage of Coupons and Discounts: Use printed, online and mobile app coupons and promo codes to save on things like food and tickets to theme parks and attractions. Don't forget to read the fine print for terms and conditions. Visit www.rtpfcu.org/discounts to see what discounts are available to you as a member of RTP CU.
